

## One Equity Partners Completes Investment in Comau, an Italian Industrial Automation Leader

- *One Equity Partners (OEP) completes investment in Comau to support the company's next phase of growth.*
- *Under OEP's ownership, Comau will have access to additional capital to grow its competencies in diversified sectors and to enhance and expand its Italian roots.*
- *Following the transaction, OEP became the majority shareholder in Comau; Stellantis remains an active minority shareholder.*

**NEW YORK, GRUGLIASCO (TURIN) – December 30 2024** – [One Equity Partners](#) (“OEP”), a middle market private equity firm, today announced that it has completed a majority investment in [Comau S.p.A.](#) (“Comau”), making Stellantis an active minority shareholder. Comau is a global technology company specializing in industrial automation and advanced robotics.

As previously communicated, Comau's Executive Chairman Alessandro Nasi, and Chief Executive Officer Pietro Gorlier will continue leading the company and its future growth. The executive management team will also retain their current positions.

*“Comau is a leading industrial automation company with significant growth potential and first-rate robotics technology,” said [Ante Kusurin](#), Partner, One Equity Partners. “OEP is well-positioned to help drive Comau’s next phase of growth as an independent company utilizing our industry expertise and established operational playbook for carve-out transactions.”*

*“Comau has consistently renewed its innovation and business strategies developing new technology solutions to respond to evolving market dynamics along its 50+ years of experience in international markets,” remarked Comau CEO Pietro Gorlier. “The finalization of this transaction represents another fundamental milestone in Comau’s growth path. The support of One Equity Partners will allow us to capitalize on the growing global demand for advanced automation, with Stellantis as an active minority shareholder. This arrangement preserves our deep-rooted Italian identity while reaffirming Comau’s position as a leading international player in the industrial automation industry, as well as an increasing number of different sectors.”*

*“I want to express my gratitude to Comau’s employees for providing innovative products and services to all its customers,” said Stellantis Chairman John Elkann. “I am confident that Comau under its new ownership has the right leadership, strategy and operational discipline to create sustainable, long-term value for all its stakeholders, from Italy to the world.”*

Headquartered in Turin, Italy, Comau has an international network of 7 innovation centers and 12 manufacturing plants that span 12 countries and employ 3,700 people.

### **Stellantis Forward Looking Statements**

*This communication contains forward-looking statements. In particular, statements regarding future events and anticipated results of operations, business strategies, the anticipated benefits of the proposed transaction, future financial and operating results, the anticipated closing date for the proposed transaction and other anticipated aspects of our operations or operating results are forward-looking statements. These statements may include terms such as “may”, “will”, “expect”, “could”, “should”, “intend”, “estimate”, “anticipate”, “believe”, “remain”, “on track”, “design”, “target”, “objective”, “goal”, “forecast”, “projection”, “outlook”, “prospects”, “plan”, or similar terms. Forward-looking statements are not guarantees of future performance. Rather, they are based on Stellantis’ current state of knowledge, future expectations and projections about future events and are by their nature, subject to inherent risks and uncertainties. They relate to events and depend on circumstances that may or may not occur or exist in the future and, as such, undue reliance should not be placed on them. Actual results may differ materially from those expressed in forward-looking statements as a result of a variety of factors, including: the ability of Stellantis to launch new products successfully and to maintain vehicle shipment volumes; changes in the global financial markets, general economic environment and changes in demand for automotive products, which is subject to cyclical; Stellantis’ ability to successfully manage the industry-wide transition from internal combustion engines to full electrification; Stellantis’ ability to offer innovative, attractive products and to develop, manufacture and sell vehicles with advanced features including enhanced electrification, connectivity and autonomous-driving characteristics; Stellantis’ ability to produce or procure electric batteries with competitive performance, cost and at required volumes; Stellantis’ ability to successfully launch new businesses and integrate acquisitions; a significant malfunction, disruption or security breach compromising information technology systems or the electronic control systems contained in Stellantis’ vehicles; exchange rate fluctuations, interest rate changes, credit risk and other market risks; increases in costs, disruptions of supply or shortages of raw materials, parts, components and systems used in Stellantis’ vehicles; changes in local economic and political conditions; changes in trade policy, the imposition of global and regional tariffs or tariffs targeted to the automotive industry, the enactment of tax reforms or other changes in tax laws and regulations; the level of governmental economic incentives available to support the adoption of battery electric vehicles; the impact of increasingly stringent regulations regarding fuel efficiency requirements and reduced greenhouse gas and tailpipe emissions; various types of claims, lawsuits, governmental investigations and other contingencies, including product liability and warranty claims and environmental claims, investigations and lawsuits; material operating expenditures in relation to compliance with environmental, health and safety regulations; the level of competition in the automotive industry, which may increase due to consolidation and new entrants; Stellantis’ ability to attract and retain experienced management and employees; exposure to shortfalls in the funding of Stellantis’ defined benefit pension plans; Stellantis’ ability to provide or arrange for access to adequate financing for dealers and retail customers and associated risks related to the operations of financial services companies; Stellantis’ ability to access funding to execute its business plan; Stellantis’ ability to realize anticipated benefits from joint venture arrangements; disruptions arising from political, social and economic instability; risks associated with Stellantis’ relationships with employees, dealers and suppliers; Stellantis’ ability to maintain effective internal controls over financial reporting; developments in labor and industrial relations and developments in applicable labor laws; earthquakes or other disasters; risks and other items described in Stellantis’ Annual Report on Form 20-F for the year ended December 31, 2023 and Current Reports on Form 6-K and amendments thereto filed with the SEC; and other risks and uncertainties.*

*Any forward-looking statements contained in this communication speak only as of the date of this document and Stellantis disclaims any obligation to update or revise publicly forward-looking statements. Further information concerning Stellantis and its businesses, including factors that could materially affect Stellantis’ financial results, is included in Stellantis’ reports and filings with the U.S. Securities and Exchange Commission and AFM.*
